

BIG RING SHOWS COMING TO CITY

CAMPBELL BROS. HERE ON SEPT.
17, AND SELLS & DOWNS ON
SEPT. 24.

"Never so good as now," has reference to the Campbell Bros. big shows now commencing which will give two exhibitions at Albuquerque, Saturday afternoon and evening, Sept. 17.

Campbell Bros. have passed this point of competition and this season was the greatest and grandest effort of their career. Their rise in the circus world has been phenomenal. They have been successful because they give the people what they want and are alert in securing features that are new and startling. This year's features are entirely new and entail the efforts of 250 artists in the equestrian, acrobatic and aerial line, together with twenty-five clowns. Three hundred horses are used and the performance of the trained animals is in itself marvellous. A gorgeous street parade will take place at 10 a. m. over the principal streets.

BIG CIRCUS PLEASED.

Sells & Downs' Great Shows Bigger and Better Than Ever Before.

When Dock Hadley, the special advance representative, was here the other day he made arrangements for Sells & Downs circus to appear here Saturday, Sept. 24. Here is what the Chihuahueño, Mo., Daily Democrat has to say about the circus:

The largest and finest circus parade ever seen in Chihuahueño was given by the great Sells & Downs shows Tuesday morning. It was a glittering pageant, complete in detail and delighted the thousands who witnessed it. The parade was far above the exhibition given by the circus yesterday. It is certainly a big show, and the immense crowd that came to the city was well pleased.

There is a general air of prosperity about the Sells & Downs circus that is refreshing. The horses are fat and sleek, the wagons are in excellent condition and the harness and other equipment shows care and attention. There is no shabbiness or cheapness about the Sells & Downs shows.

The splendid performance this afternoon was even better than given two years ago when the circus visited Chihuahueño and those who witnessed it can testify to its high order and excellence. There is a dash and go about the performance that excites interest and enthusiasm, and the performers were loudly applauded. There are over one hundred high skilled artists with the circus and there is something "doing" every minute of the two hours of the performance.

Sells & Downs insist upon having the cream of the profession. If the performer can do only one act, but it is better than anyone else in the whole wide world, then he is sure of a place with the great Sells & Downs shows. As the other members of the profession depended upon the number and not the quality of their acts, it is easy to see why the younger persons who specialize are given the preference.

The general air of vigor, snap and ginger about the Spanish running performance of the Sells & Downs show is in a measure due to the young blood which they have infused into the circus.

The show carries three hundred head of fine horses, many of them carefully trained.

The menagerie, of fifty-six cages of rare and valuable animals, was very popular with the people who attended.

REPUBLICAN RESOLUTIONS

UNANIMOUSLY RECOMMENDED
AND RATIFIED BY CONVENTION
SEPT. 12.

The following resolutions were unanimously recommended by the committee on resolutions and ratified in open convention at the territorial republican convention held in this city September 12, 1904:

1. The republican party of New Mexico through its representatives in convention assembled on this the 12th day of September, A. D. 1904, recognizing the steady progress which the last seven years of republican administration have made in the state of New Mexico, and the confidence of the people in republican principles.

Resolved, That the republican party of New Mexico in delegate convention assembled:

Death of Senator Quay.

1. Whereas, we have learned with profound sorrow of the death of one of the foremost leaders in our party since we last assembled in convention, on which occasion we mourned the death of the chairman of our national committee, and now again mourn the loss to the nation, the party and our territory of that distinguished statesman and republican, Hon. Matthew Stanley Quay, who for many years represented the great state of Pennsylvania in the senate of the United States, who, when there, was a staunch friend of this territory in all matters pertaining to its welfare, and after whom a county was named by our legislature as a slight token of our appreciation of his services to us;

Resolved, That our sincere sympathy is hereby extended to the family of the late senator in their bereavement, and that a copy of this resolution be communicated to it.

Eulogy of Roosevelt.

2. Resolved, That we heartily endorse the platform of the republican national convention held in Chicago last June and pledge ourselves to the loyal support of the principles enunciated by it, and congratulate the convention upon its wise selection for president and vice president of the United States. The wise and patriotic administration of President Roosevelt, his policies both domestic and foreign, his fidelity to American interests and the American people, and his frankness and candor on all public questions have given him the respect and the confidence of his fellow countrymen, and entitle him to the country's

further confidence by his election to the great office he now so creditably fills.

Governor Otero Endorsed.

3. Resolved, That the conduct of the territorial affairs under the administration of Governor Miguel A. Otero deserves the highest appreciation of all good citizens regardless of party. When he assumed office the bonded debt of the territory for public buildings and improvements amounted to \$1,139,000, and bonds had been issued at various times from 1887 to 1903 for payment of current expenses and for deficits in revenue to the amount of \$555,200, all earning in interest from five per cent. to seven per cent, making a total of \$1,125,800; in addition there were deficits incurred under the Thornton administration from 1893 to 1901 amounting to \$123,000—\$1,248,800. The legislature of 1903 provided for the taking up of this last deficit by issuing certificates of indebtedness for the amount, bearing six per cent. interest and payable twenty per cent. in each year for five years. These are the only evidences of debt issued during the last seven years, except \$60,000 of four per cent. bonds provided by the same legislature to complete the capitol building. These last certificates of indebtedness have all been paid besides reducing the bonded debt until at this time it is only \$854,725. The levy of six mills for territorial purposes has been ample to pay interest, salaries and current expenses of the territory, and the reason for an increased tax levy has been appropriations for the old territorial and charitable institutions which were neglected before, and the three new territorial institutions established in 1901.

Rodey Tendered Vote of Thanks.

4. Resolved, That the thanks of the people are due to and are hereby tendered to our delegate in congress, Hon. R. H. Rodey, for his arduous labors in our behalf, for the watchful care that he has kept over the interests of the territory, and the constant and unswerving devotion he has shown to his duty as our representative.

Regarding Lieu Lands.

5. Resolved, That we earnestly favor the bill introduced by our delegate and now pending before the committee on public lands in congress, providing for the selection of "lieu lands" in any part of the territory in place of school sections lost by reason of their being within the limits of land grants or reservations. The passage of this bill would give the territory about one million acres of land now not available, and give us the same privilege that every reference to this class of lands, which were lost to us by reason of the Ferguson act donating the school sections, requiring that these lieu lands should be selected "as continuous as may be" to the sections lost.

Dam Scheme Denounced.

6. Resolved, That we denounce the "Culhane" bill, the Stephens bill and any other measure now pending or about to come before congress seeking to deprive this territory of any of its area or of the free and unobstructed use of its water. We believe the construction of the so-called "Elephant Butte Dam" and other reservoirs upon the Rio Grande, its tributaries and other waterways in the territory should be encouraged in every possible way by the government, and our delegate is pledged to exert himself to secure such action by the government and that our thanks are hereby tendered to the government, its officers and engineers, who have already done so much towards reclamation of our arid lands.

Regarding Statehood.

Statehood is the most important question before the people of New Mexico at this time. Our loyalty to the general government, our great progress in natural wealth, our system of magnificent schools, our code of civil and criminal laws, our freedom from mob law, our respect for the courts, the extent of our great territory and the intelligence of our people entitle us to an equal status among the states of this Union under the present name and boundaries.

Thanks to Chairman Hubbell.

8. We hereby extend the thanks of the republican party of the territory of New Mexico to the Hon. Frank A. Hubbell for the able and efficient manner in which he has discharged the duties as chairman of the territorial central committee during the past two campaigns. We recognize in him

THE GREATEST EPOCH
OF MARRIAGE

The first is the most crucial time. If for the first time ever expectant man and wife might know of this greatest of moments, devoted for the express purpose of alleviating and dispelling the suffering and consequent danger of childbirth, how quickly would all doubt and worry be dispelled.

Mother's Friend is an invaluable liniment for external massage, through whose potent agency countless mothers have been enabled to experience the joy of parturition for the first time without danger to themselves or their offspring.

an enthusiastic and consistent republican of undoubted loyalty to the party, and for that reason always entitled to the thanks and recognition of the party.

Seventh Judicial District.

9. We also recommend our delegate in congress to secure the passage of a bill creating the seventh judicial district of the territory of New Mexico, in order that adequate court facilities may be furnished to all the different localities and peoples of the territory, and that the headquarters of said district shall be located at Socorro, New Mexico.

Capital and Labor.

10. It is by the combination of capital and labor, protected by our national laws, that our country has achieved such wonderful growth and prosperity, but neither of these interests should be permitted to infringe on the rights of the people. Both interests alike are entitled to the protection of the laws, but both are subject to the laws, and neither can be permitted to break them.

Selection of Central Committees.

11. Hereafter the respective county conventions shall select the central committees for the county only at the convention which shall be called and held for the nomination of the general county ticket for the various county officers; except in case of vacancy caused by death or otherwise when the county central committee shall fill the same.

LEMPE PITCHES GOOD GAME

VISITORS FROM ANTONITO WERE UNABLE TO SOLVE HIS CURVES AND SPEED.

About six hundred base ball enthusiasts witnessed the game Sunday afternoon between the Santa Fe Central team of Santa Fe and the Antonito club. Lempe did the twisting for the Santa Fe boys and the visitors were clearly outclassed from the start, says the New Mexican.

The home team began the fireworks in the third inning when two runs were scored. In the fourth inning four more tallies were made and again in the fifth five runs were made. The only run of the game for the visitors was made in the eighth inning on a three-base hit.

Two pitchers were tried out by Antonito, the first being knocked out of the box in the fourth inning. The Santa Fe boys put up a good article of ball and at no time of the game were the visitors in it, the score being 11 to 2 at the end of the game in favor of Santa Fe.

The local team is now in good shape and will no doubt secure its share of the prize money at the Albuquerque fair next month. It is settled that an excursion will be run to the Capital City next Sunday from Las Vegas, when a game will be played with the Blues of that city.

SKIPPED WITH MONEY

THE TOWN OF SANTA ROSA ENJOYS A REAL SENSATION.

About the 22nd of last month Judge Burns, traveling auditor for Henry Pruff, an El Paso liquor dealer, who has several saloons on the lines of the El Paso & Northern Railway company, arrived in Santa Rosa to check up one of the Pruff saloons under the management of Walter Herman. Auditor Burns found a shortage in goods and money of about \$1,200. Herman was not arrested at once, and in a day or so left for the east. He carried, however, in Delhart, where he had a fair income, of the same money type. On the 26th, under a warrant issued from Justice Morse's court, of Santa Rosa, Herman was arrested by Sheriff Webb of Delhart. On the 26th the accused was brought to Santa Rosa by Mr. Webb and turned over to Justice Morse. The constable of his court being absent and there being no deputy sheriff in town, M. B. Baker was appointed special constable to guard the wayward Walter. Everything ran smooth until time for the departure of the east-bound passenger, when Herman was missed. Search was immediately made, but the missing prisoner failed to materialize. On the night of the 27th it was ascertained that Herman had been assisted in escaping and W. H. Scott was arrested as one of the persons so assisting him. On the following day an operator was released shortly afterward, but Scott and Fox were held. The preliminary examination of Scott was concluded last night, M. B. Baker conducting the prosecution and E. R. Wright representing the accused. Many witnesses were examined and a great deal of interesting testimony dug up. Justice Morse bound the accused over under a \$400 bond to await the action of the Grand jury. And the end is not yet.—Santa Rosa Sun.

Mrs. Tina McMullen and children, family of the chief of police, returned yesterday from an extended sojourn on the Pacific coast.

I am coming, I am coming, don't you hear my thunder roll, Don't you feel my mighty power thro' your body and your soul; Don't you dread my awful presence, my momentum throbbing feed? I'm a dashing, thrashing, bucking, clucking Auto-mo-bile!

I'm a wonder, I'm a sporter, I'm a ball put on parade, I'm a devil, I'm a terror for the people who're afraid; I can paralyze the horses, I can make 'em dance a reel, I'm a roaring, tearing, 'umbling, grumbling Auto-mo-bile!

Clear the track, ye meek and lowly, for I claim the right of way! There's no limit to the tenure of my speed by night or day! To the woods with everybody, that's the way we devils feed, I'm a lucky, dusty, ramming, jamming Auto-mo-bile!

THE AFTERMATH OF GREAT CONVENTION

From Tuesday Daily Citizen.

Mora county was a solid phalanx for Rodey, eight votes being cast all times for him.

Joe J. Sheridan as secretary, and A. A. Sadillo as interpreter, saw a pair of civetfishes. They can not be beaten.

The national county delegates were headed by Hon. E. A. Muna, and their votes were given all times for Rodey.

The Italian brass band rendered delightful music just before the convention reconvened last night at the opera house.

Luna county was divided in its support of the two candidates for delegate honors. B. Y. McKenney and J. W. Duanigas were the delegates.

H. O. Burman had the Socorro county delegates well in hand. They voted solid on every point favorable to W. H. Andrews, their candidate for delegate.

Hon. Pedro Sanchez, the old wheel horse of Taos, congratulated Senator Andrews today on his nomination. He was a north bound passenger this morning.

Considerable discourtesy was shown to certain speakers at the convention last night. The hoodlum tactics resorted to were not condoned by the decent element of this city.

Valencia county delegates were split in their voting. Thirteen were recorded by Solomon Luna for Rodey but the other three were voted by Val J. Franco Chavez for Andrews.

Colonel George W. Pritchard, one of the Lincoln county delegates, worked hard and long for the nomination of Rodey, and now gracefully accepts defeat. He will roll up his sleeves and work for Andrews.

The address of Attorney George S. Kline, in combating B. S. Rodey for delegate to congress, will go down in the political history of New Mexico as one of the finest and best ever delivered in the southwest.

Hon. W. G. Rargent, the territorial auditor of the territory, represented Rio Arriba county as one of the delegates, and did his share toward nominating Andrews for delegate. He returned to his duties today.

The Grant county delegates—W. H. Newcomb, B. M. Turner, H. H. Betts, Macdonald Torres and Don H. Kodzie—will return south tonight. They were Andrews supporters and voted solid throughout the proceedings.

Col. Veneciano Jaramilla, of El Rito, was one of the delegates from Rio Arriba county. He did not appear often on the floor but his vote counted at all times. He is pleased with the nomination, and went north today.

Col. Charles V. Hafford, the popular territorial traveling auditor, who represented San Juan county as a delegate, returned to his official duties at Santa Fe this morning. He was a supporter of Andrews from start to finish.

General E. L. Bartlett, the solicitor general of the territory, took a leading part in the Andrews contest before the territorial republican convention. He was chairman of the committee on resolutions, and looked after several strong clauses.

Hon. T. B. Catron, who did not come to the city as a delegate from Santa Fe county, was nevertheless interested in its proceedings. He says while Rodey was his favorite, he believes Santa Fe county will give Andrews several hundred majority.

E. C. Abbott, the popular district attorney of the First Judicial district, returned to Santa Fe on the delayed passenger train today. He is well pleased with Senator Andrews' nomination for delegate to congress, and says Santa Fe county will give him a big majority.

Levi Hughes, who was one of the Santa Fe county delegates, returned to the Capital City today. He was in a happy frame of mind when he got on the train for Santa Fe. It is the opinion of Mr. Hughes that Andrews will have a larger majority than Rodey's, two years ago.

GOO WORK.

One Daily in Albuquerque. Many Citizens Tell of It.

Nearly every reader has heard of Don's Kidney Pills. Their good work in Albuquerque still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Mrs. M. J. Butler (M. J. Butler, night watchman in the Santa Fe shops) residence 317 East street, says: "When I went to the Alvarado Pharmacy for Don's Kidney Pills I had an attack of backache. It was only one of many which had annoyed me for two or three years. At first they were mild and expected they would leave just as mysteriously as they came but with the passing of time the attacks were more frequent and of longer duration. I used three boxes of Don's Kidney Pills and was rewarded with an entire cessation of the aching. Up to date, and it is considerably over six months since I stopped the treatment, there has not been a sign of any recurrence."
